America's first and only four year university-based academic program dedicated to exploring the moral, political, and economic foundations of a free society.

\$10,000 Scholarships

to Clemson University

Open to incoming freshmen, the curriculum develops students' faculties of inquiry and ignites their passion for knowledge. It presents students with ideas that are fundamental, timeless, and life-changing.

The Lyceum Program uses a Great Books approach to studying liberty, free markets, the American Founding, and moral character. All Lyceum Scholars will be assigned a faculty "Socratic tutor" who will closely monitor and guide their intellectual development for their entire four-year education.

Those interested in becoming Lyceum Scholars should apply in their senior year of high school to Clemson University and to the Lyceum Scholars Program.

ACADEMIC PROGRAM

The Lyceum curriculum is an eight course sequence with one course each semester. Scholars take all program courses together as an intellectual cohort.
